

Objectives

We are conducting a Learning Journey by Monetary Authority of Singapore (MAS) during the BA Independent Learning Week. This is an extension of Topic 2 – Central Banks as MAS is Singapore Central Bank . The Learning Journey is held at the MAS Gallery. As there is no lesson during the Independent Learning Week in Week 5, **you are expected to go to the MAS Gallery on your own.**

After the Learning Journey, you are required to write a reflective journal (**maximum 2 pages excluding cover page, Arial font-size 12, single spacing with normal margin**) based on the below questions. It is strongly recommended that you also check out the [Resources Unit](#) on how to write a good piece of reflection journal.

1. What did you learn from MAS's and Intern's sharing? Which aspect of the sharing leave a deep impression on you and why?
2. Which Zone in the MAS Gallery leave a deep impression on you? Why?
3. What would you like to learn further on your own after the Learning Journey? Why?
4. 3 Key Takeaways from Week 1 Wongamania Financial Game that you can apply in your own personal finance in managing resources like income and savings, information and time.

Assessment Criteria

The maximum score for this project is 50 marks with the components as follow:

Components	Description of Components	Maximum
Content	Quality of research and elements of topics Presentation of text in report in accordance to requirements	30
Organisation and Structure	Coherence of ideas and clarity of paragraphs and sentence's structure	10
Referencing	Effectiveness of referencing and appendices Proper use of APA style	10
Total		50
